MAYOR'S REPORT

ADJOURNMENT

Request for Variant for the lot at 208 1st Avenue, Collins IA. Property ID # 16-21-150-205

Requested by Greg Black (GKB Properties LLC) – Owner

This lot is considered zoned 6 RS. According to zoning regulations, a residence that is erected on a 50' wide lot needs to have a minimum side yard of 7' per side from the residence to the end of the lot. I am proposing to have a house that is currently located at 70633 315th Street to be moved to my lot at 208 1st Avenue. The normal width of the house is a total of 26', however, there is an addition that contains a bedroom and the only bathroom to the house that adds an additional 12' to the width for a partial length of the house of 22.5'. Because of this, it is considered 2' too wide for this lot. Instead of 7' per side yard, it would be 6' per side yard.

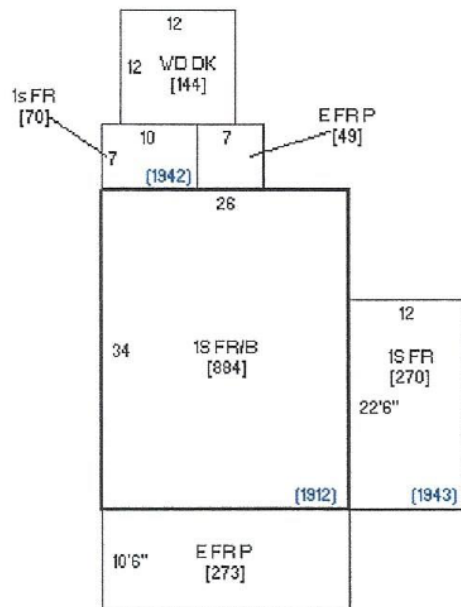

The previous house that was on this lot was not centered on it, nor was the house to the North of it centered upon its lot. In fact it has 14 feet of space between its lot and the house. This makes adequate space between both houses. If I were to set the house slightly closer to the Northern lot as the previous house sat (see proposed outline), There would be 4 feet of space between my house and the Northern property line, keeping the space between the 2 houses at a total of 18' a part to the north. The south side would have 8' from the house to the edge of the property and a total of 22' between my house and the house to the South. There would also be room to adjust the property more towards the middle to make it equal on both sides if necessary, but I thought this layout would be the best use of the lot and the most visually appealing from the main road.

This move would benefit the community in the following ways.

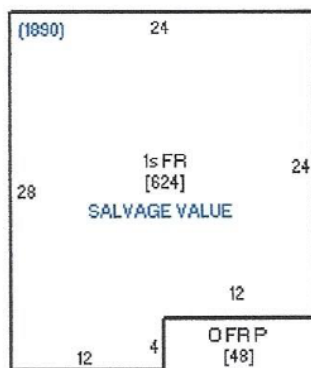

- 1) The house at it sits no longer fits the needs of the farm that it used to. Ken Caulkins the current owner has been trying to find a new location for it, but has come up short until now. If I can't move the house, it will likely be destroyed. Ken would benefit by not having to invest in the destruction of a perfectly good property with family history and the house could live on in a new location.
- 2) Adding this house to the lot on 1st Avenue will help to enhance the visual appeal of the town along the highway. With the new gas station, new and rehabbed housing, and destruction of several properties that were beyond repair, this house would only continue to strengthen the visual appeal of the town along that road vs the empty lot that is currently there.
- 3) The town would benefit from raised property tax on this lot.
- 4) The town would benefit from another water/sewer customer that would be added to the lot.
- 5) This house would bring 1 more family to town that would further invest in what Collins has to offer.

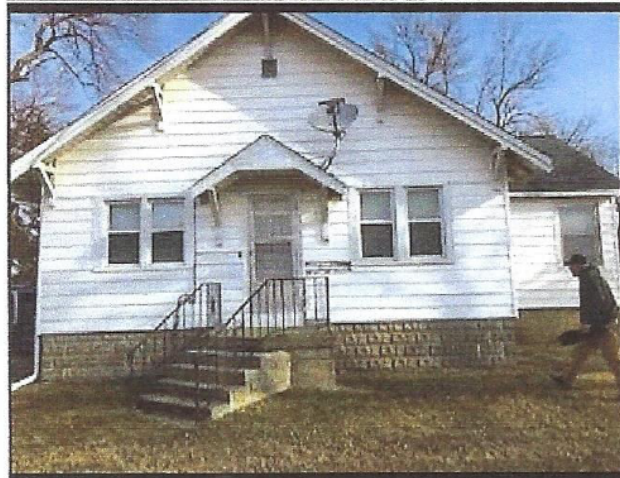

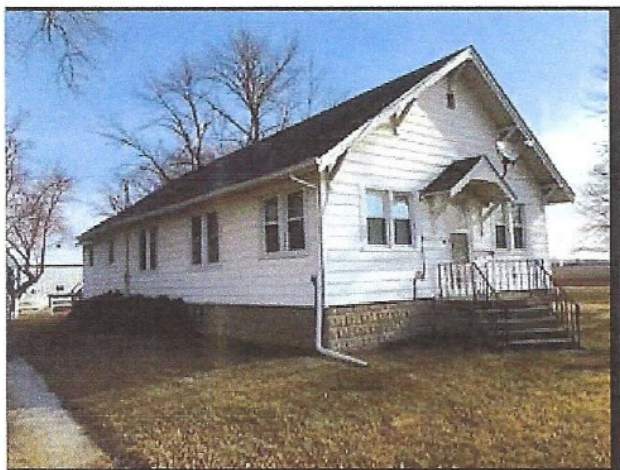

I thank you all for your time and consideration of this proposal and hope you can see the benefits for everyone with this project.
